

Project: Flood Myths Newscast

Goals

1. To demonstrate our understanding of the different flood myths of the world.
2. To practice our writing and speaking skills.

Requirements & Procedures

1. In teams of four, you will develop (complete with a typed, written script) and present a newscast that informs an audience of at least THREE different flood myths that we have studied.
2. Each person in your group must have a speaking role in the newscast.
3. Each segment of the newscast must relate directly to one or more of the flood myths. Your newscast must include the following segments.

- ✓ headline news
- ✓ financial news
- ✓ weather
- ✓ sports

4. You must turn in a copy of your script to Mr. Webb.

Timeline and Due Date

We will work on this project in class for parts of three class periods. If you work diligently during the allocated time in class, you will not need to dedicate much time outside of class for this project, except for typing up your script. On *Tuesday, November 5th*, you will present your newscast for the class during 5th period.

Grading

Projects will be graded on creativity and accuracy.
