PROJECT: THE CLASSICAL (GREEK/ROMAN) UNDERWORLD

The great god of the Underworld, Pluto, has decided that now is the time to create a new map of his realms. Accordingly, Pluto has chosen you, the official Infernal Cartographer, to produce this map. Pluto has directed you to produce the map in as creative a manner as possible. He has suggested, for example, that your map may be constructed of materials such as:

- I. clay
- II. fabric (for example felt)
- III. foods
- IV. poster board
- V. papier mache
- VI. any other interesting material that you can think of: BE CREATIVE!

Pluto also requires that you label each of the parts of his Underworld. The character and nature of each of the parts should be clear from your map (for example, Tartarus might be represented by flames).

Pluto hereby decrees that you may work in Infernal Cartography Teams of not more than 3 individuals in order to complete your map.

Pluto will grade your map on the following criteria:

- I. accuracy – 25%
- II. completeness – 25%
- III. neatness – 20%
- IV. creativity – 30%

Pluto has proclaimed that your map will be due on **TUESDAY, OCTOBER 15th**
